WE ARE

**WÜRTH
CANADA**

FROM COAST TO COAST

Started in Canada in 1971, we've now grown to over 400 sales representatives coast to coast. With a Head Office in Guelph, Ontario; and a Western Warehouse in Acheson, Alberta, we ship to 12,000 plus customers per day including many national and key account programs.

Our product range has significantly expanded over the course of the last few years, offering premium, innovative solutions in all areas of business. From our range of abrasives and material processing, to PPE/Safety, to our new range of quality German-made hand tools, **our 14,000+ products will certainly find a home in your everyday work life.**

WÜRTH CANADA HEAD OFFICE
GUELPH, ONTARIO

From

COLLEEN DOUCETTE,
President of Steel Plus Network

The SPN and Würth partnership brings together a premier supplier of fasteners, electrical connectors, tools, and a complete line of branded chemicals with North America's premier structural steel fabricator network.

Colleen Doucette, president of Steel Plus Network agrees: "Würth's extraordinary product line and history of exceptional service are exactly what we look for in a premier supplier member. Our structural steel fabricators will benefit from the expertise, knowledge, and dedication of their sales team, in addition to exclusive supplier offers. It's a win-win."

A few words from Würth Canada's
METAL DIVISION MANAGER,
Charley Smith

Thank you for taking the time to review this pamphlet and learn more about the Würth Canada Metal Division. We look forward to an opportunity to service your company and provide you with world-class, German engineered products, that many other organizations, such as yours, have come to know and trust.

Würth has been a valued supplier to Metal-Industry customers in Canada since 1971. With our parent company, originating in Germany in 1945, a move to Canada became a natural transition, and we have been steadily growing ever since. We also service the Automotive, Cargo and Construction industries nationwide.

**Our Metal Division focuses on Fabrication,
Manufacturing, Maintenance, and
Installation industries in Canada.**
